

ONYX-AI

What is ONYX-AI Solutions?

ONYX-AI Solutions is the future-forward arm of ONYX Compliance Solutions, delivering powerful AI-driven digital agents tailored specifically for the financial services industry. These intelligent assistants, our ONYX-AI Owls, are designed to navigate regulatory complexity, automate responses, and support professionals across all industries in making informed decisions quickly and accurately.

At ONYX-AI, we're redefining compliance as a strategic advantage, not just a requirement. By blending targeted AI training with real regulatory insight, and knowledge from experienced compliance consultants, we help firms ignite engagement, one empowered employee at a time. Our mission is to turn compliance into a catalyst for resilience, growth, and confidence in a fast-evolving financial landscape.

Step into the future with ONYX-AI Owls your firm's smartest hire

Our ONYX-AI Agents are not generic chatbots.

Each Owl:

is trained on financial
regulations, legislation,
and industry rules

is infused with many
years of ONYX's hands-on
compliance consulting
experience in Guernsey

is custom-loaded with your
firm's policies and
procedures

becomes a powerful knowledge
resource, ready to answer questions,
assist with tasks, and reduce manual
workload.

Built with purpose

Our ONYX-AI Owls are:

Focused

Every Owl is domain-specific
and built for precision

Customisable

We upload and format your
firm's internal documentation
to ensure your Owl reflects your
real-world operations.

Secure & Private

Data protection and
confidentiality are at the heart
of every ONYX-AI solution.

Why choose ONYX-AI?

Tailored to Guernsey's Regulatory

Unlike generic AI compliance tools, ONYX-AI is trained specifically on Guernsey's financial regulations and your firm's internal policies, ensuring hyper-relevant, accurate responses

Secure & Governed Deployment

Built with enterprise-grade privacy and oversight, ONYX-AI gives compliance teams full control over responses, audit logs, and training data

Scalable, Low-Friction Integration

Whether starting with one team or the entire organisation, ONYX-AI fits into your workflow with minimal setup, allowing teams to “think big, start small.”

Real-Time, AI-Driven Compliance Support

ONYX-AI Owls serve as intelligent digital agents, instantly answering staff compliance questions, reducing bottlenecks, saving time, and preventing costly missteps

Human-Centered Design for Engagement

By turning compliance into an interactive, helpful resource, ONYX-AI transforms a “tick-box” task into a daily learning opportunity, boosting staff confidence and resilience

How it works

Choose your ONYX-AI Agent configuration

Provide your policies, procedures, and documentation

Our team configures, trains, and deploys your custom agent

You start asking questions, and getting smart, regulatory-aligned answers

Why Owls?

ONYX-AI Owls (a symbol of wisdom and clarity)

Owls are associated with:-

- seeing in the dark, symbolising clarity in complex or unclear situations.
- discernment, deep learning, and penetrating insight
- guardians of the future with their ability to anticipate
- attention to details, seeing what others may miss
- intuitive and connected to hidden knowledge
- Owls are protectors...ONYX-AI's guardians of integrity and corporate culture

About Us

At ONYX Compliance Solutions, we harness the strength, stability, and protection symbolised by the onyx stone, delivering powerful and reliable solutions for regulated and non-regulated businesses.

Our mission is to help employees understand and embrace their responsibilities within the workplace, ensuring they are as resilient and grounded as the stone we're named after.

Lindsay has over 35 years of experience in the financial services industry, with the last 17 years focused on Compliance, Corporate Governance, and Anti-Financial Crime.

Lindsay has helped businesses navigate complex regulations and compliance requirements. Her experience shows that well-trained employees are key to success. Before starting her own successful compliance consultancy firm, Platinum Compliance (Guernsey) Limited, Lindsay worked in Fund Management, Private Equity Administration, Outsourced Compliance, Global Custody, and Training, and was involved in visits by the Guernsey Financial Services Commission (GFSC).

Lindsay offers a client-focused service with vast industry knowledge and regulatory expertise.
